

Office Of Mayor Linda Lee

1 Grand Walk
Nox City, NL 09021

May 7, 2020

Dear Citizens,

Our Current State and a vote that will be held on Saturday May 9,2020, to determine the fate of the City and whether or not we will be shutting down the city due to the COVID-19.

We have gotten a multitude of suggestions from our health and safety inspector Daniel Lee Garrett. He suggests that the Health And Safety Of Our Citizens is his as well as my # 1 Concern.

Due to the recent spike in deaths from COVID-19, we have determined that it is necessary to hold this vote to determine whether or not to shut down the entire state of North Lorrain. Please view our website located at <https://jesstopia.org/city-of-nox> for more information about the closures. You can also see the tab on the top of the page for more information regarding future and possible closures..

Sincerely,

Mayor Linda Lee
